

## INDUSTRY PROFILES

### Industry Directories

DSRD delivers programs and services that support the NSW Government's commitment to winning new business activity for NSW and to developing the capacity and productivity of the State's economy.

As part of DSRD's activities to promote NSW industry capabilities around the world, a number of industry directories are available here. The directories are delivered online and in pdf documents and each includes companies operating in NSW.

- [NSW Aerospace Industry Directory](#)
- [NSW Life Science Industry Directory](#)
- [Profiling Innovative NSW Technologies: Environment sector](#)
- [Profiling Innovative NSW Technologies: Security Sector](#)
- [Profiling Innovative NSW Technologies: Financial Services](#)
- [Profiling Innovative NSW Technologies: Digital Media](#)

NSW Aerospace Industry Directory  
NSW offers a range of innovative companies supplying the domestic defence and civilian markets, many of which are integrated into global supply chains.

The [NSW aerospace industry directory](#) profiles aerospace related companies and organisations that have a presence in NSW. The purpose of the directory is to promote both the aerospace capabilities that exist in NSW and in the individual organisations.

This directory is part of the NSW Government's effort to promote aerospace and defence industries in NSW. The information contained in this directory will be regularly updated and if you wish your company to be included, please contact the Industry Division of the DSRD on +61 2 9338 6600.

NSW Life Science Industry Directory  
New South Wales has the highest level of R & D investment in life science in Australia: approximately \$1 billion per annum. Our state's contribution is particularly strong in the business sector (46% of Australian business investment in medical and health sciences occurs in NSW).

This directory profiles over 700 companies and research organisations based in NSW engaged in biotechnology and related life sciences.
