### Professional Services Industry Action Plan Taskforce

The NSW Government has established industry-led Taskforces to develop Industry Action Plans. These plans will position key sectors of the NSW economy for growth; innovation and productivity; exports and global competitiveness; and new investment over the next decade and beyond.

The Professional Services Industry Action Plan Taskforce will develop, with industry, an action plan that will focus on:

- Finance and insurance;
- Legal and regulatory services; and
- Engineering and associated services.
